Dear Brian,

Once again we have the very delightful job of thanking you for participating in our annual fundraiser CATWALK. As you know, this is the only fundraising event for Grayvik Animal Care Center. Since 2009, it has more than doubled in size from an attendance of just over 200 to almost 500 this year.

CATWALK has now become one of three premier events held at Ocean Reef each year. Part of what attracts our audience is the fabulous job that you do narrating our runway pet show. Given your passion for shelter work, there is no one else that could have so brilliantly presented this years theme of ADOPTED SHELTER PETS. You charmed the animals, their owners and the entire audience with your knowledge, delivery and humor. Without question, your contribution has made this part of the event as important a draw to CATWALK, as is the Saks Fashion Show.

So, again, thank you for your expertise and commitment. But most of all, for helping us realize a bigger and better event again this year.

Very Sincerely Yours,

Lin Brown,  
Co-Chair
