"Brian has trained 4 of our dogs (and us as owners) over the past 20+ years. There is simply no one better, more knowledgeable or fun to work with in his field. He's also hosted several fund raising events where his humour and personality and story telling skills shine... as they do on his dvd's and tv shows! Have recommended Brian and his work dozens of times to friends and associates who continue to thank us ... just the best!"  
Top qualities: Great Results, Expert, High Integrity.

Brian and Toni~ For being 6 months old I am extraordinarily impressed with Zelda's behavior. She is the talk of my building and the neighborhood. My time working with you was invaluable and I appreciate the continued support in always being available to answer any questions that I might have. The operation you run is really in a league of its own!

Toni~ Beau and I wanted to thank you for all of your work with Honey these past three weeks.

What a wonderful result! A month ago, although we loved her dearly, the aggression, nipping, biting, barking, disobeying deeply concerned us. We reached the point where it was imperative to have a behavior intervention. Our entire family is happy to report that she has emerged a different dog. Clearly, your efforts and diligence in Honey's training were critical in her success. We are extremely grateful and look forward to enjoying our pup this summer!
